Projects

- dd

Skills

- **Python** - 2,25/3

I write more code than emails.

- netmiko, napalm, requests, click - In regular use. Implement, adjust or enhance.
- pandas, rich -
- and many others - Used and forgotten.

- **PyCharm** - Still discovering why I want a Premium.

- **PowerShell, Bash** - Using. Till? For now, googling skill was sufficient.

- **Windows** - 1,75/3

- *Windows Desktop* - I can find or set whatever is required, for currently used Windows version. I might not be able say the same about Windows Server

- **Unix** -

- RHEL
- *ubuntu

- **Network** - I know . I can move around and find myself in it. Never implemented any routing. I understand almost everything in network talking. Close to CCNA.

Jobs

1. **ING Services Polska** - MCR engineer

2. **ING Tech PL** - As a supporting delegate of the Network Product Owner. Very wide scope of (responsibilities? tasks? jobs?). Link business and technical world together.
